

Code 549 Storm Code Waiver

This Waiver Covers the Storm Code Event as of _____ Date _____ Time

Requirement: MSD Safety Manual 540-PG-8715.1.2C states the following operations shall not be performed under a Code 3 or Code 5 storm code condition; vibration testing, EMI/EMC testing, acoustic testing, High Capacity Centrifuge Testing (HCC), and critical lifting operations.

Authority: Section 2.31.4 of the MSD Safety Manual states the Storm Code requirement can be waived with concurrence of the appropriate Project representative and the Code 549 Branch Head or designee and that *The project representative shall be the Product Design Lead for tests at the subsystem, or box level, and the I&T manager or designee for tests at the instrument or spacecraft level.*

Project Representative:

In accordance with Code 540 policy I,

_____ (print name and title)

_____ (signature),

accept the risks while performing the following operation under a Storm Code Condition 3 or 5.

Code 549 Branch Head or Designee:

In accordance with Code 540 policy, I,

_____ (print name and title)

_____ (signature),

concur with the project representative and accept the risks during the following operation under a Storm Code Condition 3 or 5.
